# Priyam Sameer

**Product leader · Bengaluru, India**

PriyamSameer.com · Priyam.Sameer.95@gmail.com · +91 82384 52277 · LinkedIn

I lead lending products, lender partnerships and P&L at CashKaro. Previously, I worked across agricultural products and commerce at Absolute and founded UrbanKhet. My work connects customer journeys with partner integrations, operating teams and commercial decisions.

## Experience

### **CashKaro / BankKaro** | March 2025–Present

**General Manager, Product Management & Business Growth** · April 2026–Present
**Senior Manager, Product Management** · March 2025–March 2026

- Lead personal and education lending product strategy, lender commercials, operations and P&L. Connect application capture and lender matching with funnel analysis and partner feedback.
- Work with engineering and lender partners on eligibility, KYC, application-status and payout handoffs, connecting integration requirements with reconciliation and service-level reviews.
- Authored the EduLoans policy/workflow model and scripted interaction prototypes for student intake, partner review and human document verification: 62 rules, eight lender configurations and 23 workflow states.
- Explored a separate MCP policy-service proposal for shared evaluation and reviewed feedback. Coordinate cross-functional priorities, participate in hiring and negotiate with partners.

### **CredFlow** | December 2024–March 2025

**Senior Product Manager**

- Worked on the KuberX launch and go-to-market plan, connecting acquisition, onboarding and activation with SME product economics.
- On Pay via Credit Card, connected the SME customer offer with payment infrastructure and operating handoffs, working with engineering and go-to-market teams.

KuberX launch · Pay via Credit Card

### **Absolute / Upaj** | October 2021–November 2024

**Principal Product Manager** · April–November 2024
**Senior Product Manager** · April 2023–March 2024
**Product Manager** · October 2021–March 2023

- Led SilkRoute product work from trader discovery through negotiation, ordering and settlement, working with regional teams on a connected commodity-trading system. The programme reported $100M GMV within nine months; this is transaction value, not platform revenue.
- Led lender-facing agricultural risk product work and contributed to adapting information exchange for ULI. Explored a separate ONDC credit proposal; lenders retained credit decisions.
- Reshaped Upaj around farm monitoring, market information, content and timely notifications. Worked with engineering and agronomy on crop-health guidance, monitoring and rainfall-insurance workflows.
- Coordinated product, engineering, data, agronomy, finance, operations and regional teams, including adaptation for Brazil and Malaysia and institutional-commerce requirements.

**UrbanKhet** | July 2019–September 2021

**Founder & Director**

- Founded the venture and owned the customer offer, web product, farmer relationships, acquisition, fulfilment and business economics.
- Built the sourcing and decentralised-delivery model, reworked fulfilment during COVID as constraints changed, then wound down the venture after the second wave.

UrbanKhet product & operations · COVID delivery pivot

UrbanKhet received incubation, seed support and innovation-grant backing through IIMA Ventures/CIIE.CO and GUSEC, including TIDE 2.0 and Gujarat SSIP. Venture support.

## Earlier experience

**Water Farmers / Madhavi Farms** · Farm operations intern · May–July 2018
Worked on harvest, packing, supply-chain coordination and field workflows in aquaponics operations in Bengaluru. Aquaponics operations.

**Gujarat Action Group · Volunteer · April–June 2021**
Helped maintain hospital-bed, oxygen and medicine information and coordinate volunteers during the second COVID wave. COVID resource coordination.

**Founder advisory**
Supported early-stage founders with product strategy, unit economics, go-to-market and fundraising narratives. Founder advisory.

## Education & recognition

**CEPT University** · BS in Construction Technology · 2014–2019
Captained FC Sparta during university; I also maintain an independent painting practice. University & interests.

**CashKaro Rock Star** · Internal recognition · 2025

## Core capabilities

**Customer & operating journeys:** Lending applications, B2B trade and fresh-food fulfilment.

**Partner platforms:** Eligibility, KYC handoffs, status, payments and reconciliation.

**AI & data work:** AI-assisted prototyping, deterministic lender-rule models, document-review workflows and funnel analysis.

**Commercial & team leadership:** Product strategy, lender relationships, P&L, unit economics, cross-functional delivery, partner negotiations and hiring participation.
